FOR IMMEDIATE RELEASE

City of Huber Heights to Restripe Fishburg Road

Huber Heights, OH - July 9, 2024 – The City of Huber Heights will be restriping Fishburg Road from Old Troy Pike (S.R. 202) to Brandt Pike (S.R. 201) on July 11, 2024. A&A Safety will be removing the existing centerline stripe and replacing it with striping that will change the lanes to make the road three lanes wide (one lane in each direction and a center turn lane). This lane revision will help to keep traffic moving on Fishburg Road and it will make left turns into driveways safer for the residents. There will be no parking on either side of the road. The work will begin on Thursday, July 11, and is expected to be completed in two days.

The roadway will remain open to traffic during the restriping work.
